

PLATINUM F-100

*"...TAGA Harmony Platinum v.2 F-100 definitely stands out from the competition in sense of consistent, free and expressive sound performance, what allows enjoying all kind of music being listen... Designers for sure deserve words of recognition. The changes in the new model Platinum F-100 are not only cosmetic. There are much better and more expensive solutions used, which have direct impact on the sound quality. Nevertheless TAGA has managed to keep very attractive quality to price ratio... **These speakers look great and sound the same way in their price category!**"*
