

PLATINUM F-90 SL, PLATINUM C-90 SL, PLATINUM C-90 SL

"Taga Harmony speakers are energetic and bright sounding, which will appeal to people who prefer direct communication and sometimes musical prominence, especially in the treble band..."

These slim boxes with a modern design will fit into many contemporary styled rooms but also captivate with surprisingly solid bass and brisk sound.

Modern design, great looks, powerful sound. They sound excellently in a dynamic musical material."
