

PLATINUM SW-10 v.2

5 STARS in HIGH CLASS

"The elegantly designed Platinum Slim speakers' series offers brisk and lively sound that draws the audience immediately into it.

The massive and dynamic subwoofer provides a stable bass foundation to build balanced mids and lively highs on it. The SLIM speakers open a wide space which is filled with a lot of detailed sound at movie and music playback. When properly leveled the Platinum speakers play together homogeneously and amaze with their control when performing at high volumes..."
